

ABOUT US

FX Systems, Ltd is a full service forex company, which provides brokerage, technical, consulting and management services to the forex industry.

Recently, FX Systems acquired several retail forex brokers, and others will be added to the portfolio in the coming future. Along with these acquisitions, FX Systems will lower the spreads and provide retail clients with an improved service. Furthermore, as a benefit to our clients, more expansion projects are underway.

FOREX TRADING WITH US

The place to trade in the Currency Trading market also known as Forex. Beginning currency traders will benefit from our extensive and comprehensive education lessons. With common terminology explanations, charts, graphs and technical analysis. All the tools to get started in trading currencies are available to you for free.

WHY TRADE FOREX?

The Forex Market is the largest financial market in the world. It is open 24 hours a day and traded by the largest banks in the world. It is thereby a very liquid market so funds are cleared.

INITIAL MARGIN

The initial deposit of collateral required to enter into a position of trade as a guarantee on the future ...

FILL PRICE

The price at which a buy or sell order was executed.

USING LEVERAGE

No other Financial Market gives you leverage as does the forex market. A 100:1 leverage means that for every \$1,000 you deposit, you can trade with \$100,000. This gives you the ability to gain substantially by good trades. Due to its large profit ratio, one can also take the same loss and lose their money. (Using leverage of any amount is high risk & you can lose all your funds)

OPEN POSITION

A transaction not yet reversed or settled with a physical

TRADING THE MAJORS

U.S. Dollar Trading (USD), The Euro (EUR), The Japanese Yen (JPY), The Australian Dollar, The Sterling (GBP) (AUD) Pips

PIPS AND POINTS

Digits added to or subtracted from the fourth decimal place, i.e. 0.0001. We call the difference in prices by the term Pips and Points.

SPREAD

The difference between the bid and offer prices.

Ask Rate

The rate at which a financial currency is offered for sale.

EXCHANGE RATE

The price of one currency stated in terms of another currency.

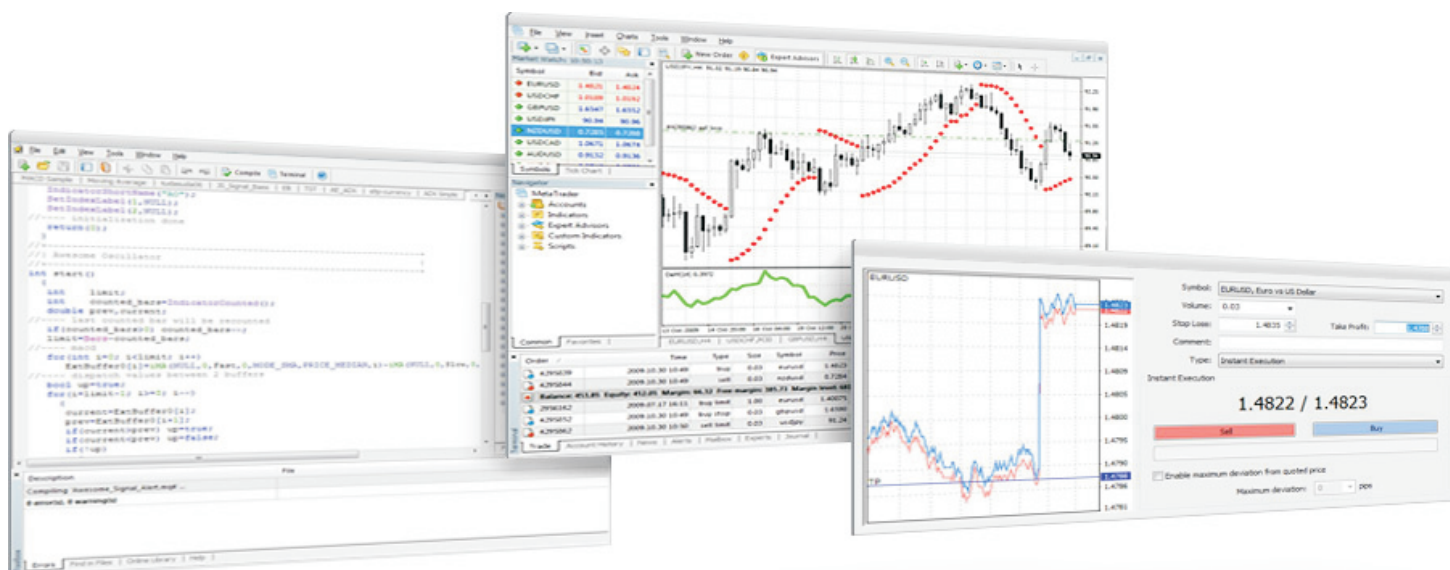

Bid/Ask SPREAD

The difference between the bid and offer price, and the most widely used term of the market ...

Candlestick Chart

Originating in Japan over 3 Centuries ago, candlestick charts have become very quite popular in recent times. It is many times used as a main indicator by traders.
